

YOUTSEY IS GUILTY

He Is Sentenced to Life Imprisonment.

Major General Wood Talks About Cuba.

What President Mitchell Says About Miners' Strike.

ROOSEVELT, BRYAN AND HANNA.

Georgetown, Oct. 20.—The jury in the case of Henry Yousey, on trial as being the principal in the assassination of President McKinley, returned a verdict of guilty this morning, and fixing his penalty to life imprisonment.

Attorneys for defense are preparing a motion for the arrest of judgment, which, if sustained, will postpone the sentence till the next term of the court, in February. It is likely the jury will be emancipated as soon as practicable to inquire into Yousey's sanity.

The defense this morning filed a motion for arrest of judgment. Judge Cantrell set the time for hearing on the second day of the February term. Yousey will be taken to the Frankfort jail to-night for safe keeping.

MAJOR GENERAL WOOD.

He Is Now in United States—Interviewed About Cuba.

New York, Oct. 20.—Major General Leonard Wood, governor of Cuba, arrived to-day from Havana. He will proceed immediately to Washington and return to Havana by way of Tampa, Fla. Gen. Wood said: "I came up from Havana at the request of the department and to make preparations to take my family down to Cuba, as I shall be unable to come up again during the winter. I shall return to Havana before the end of October in order to be on hand for the constitutional convention, which meets there November 5, next. Affairs are quiet in Cuba, and the people are preparing for the convention. The death rate in Havana, including yellow fever, is smaller than for many years."

NOT ENDED YET.

President Mitchell Talks About the Big Miners' Strike.

Hazleton, Pa., Oct. 20.—President Mitchell, of the United Mine Workers, practically admitted to the Associated Press to-day that if every operator in the region were to post notices similar to those put up by some mine owners, this action would in itself probably not end the strike. He was asked if the companies would post such notices what the next step would be. He replied: "Under conditions laid down by the Seranton miners' convention there could be no partial resumption of work." When it was suggested that his reply did not answer the question he said: "Well, all I will say is that if all the companies post notices it would clear up matters considerably."

NATIONAL POLITICS.

Roosevelt Interviews McKinley—Bryan Is Still in New York.

Washington, Oct. 20.—Gov. Roosevelt arrived to-day from the west. He called at the White House and remained with the president for an hour, discussing the political situation. Roosevelt refused to be interviewed. This afternoon he took luncheon with President McKinley, in company with Secretary Long and Lieutenant Commander W. S. Cowles, of the navy. The governor will speak to-night in Baltimore.

HIS THIRD DAY IN NEW YORK.

Elmira, N. Y., Oct. 20.—Bryan began the speaking of his New York tour at Elmira at 9 o'clock to-day. He spoke from a stand in Wm. park and was greeted by a large audience. In view of the general republican knowledge concerning trusts and Hanna's declaration that there are no trusts, Bryan asserted that he never has known a man whose word amounted to so little

among his friends as did Hanna's. If there is an ice trust," he continued, "then Hanna's word cannot be accepted." Discussing republican attitude on trusts, Bryan said the republicans were inconsistent and had no remedy for the trusts.

Coshocton, N. Y., Oct. 20.—Bryan's time at Bath was extended from thirty minutes to fifty, because this place is the residence of Democratic State Chairman Campbell. Campbell presented the national candidate to the audience. Bryan addressed himself largely to the farmers. "You are not sharing in the blessings of this nation," he said, "for have you your share of protection of the government?"

Cornwall, N. Y., Oct. 20.—Bryan spoke here twenty minutes from the rear platform of his car. The railroad yards were filled and the national candidate warmly received. While Bryan was talking of trusts, some one asked about the silver question. Bryan replied: "There is no silver trust, but if there were and it could contribute enough to the republican campaign fund the republican party would be for silver."

HANNA'S TOUR.

Pawnee, Neb., Oct. 20.—Senator Hanna's special speech making on the last day of his tour began at Beatrice, Neb., to-day.

At Wynome, Hanna received one of the warmest greetings of the trip. Salutes from cannon and whistles of half a dozen locomotives greeted the arrival of his train. Hanna talked fifteen minutes.

"I want you Nebraskaans to tell me you are going to give us two republican United States senators," he said. "We will shoot them down."

"Well now, I will remember that," said the senator with a laugh, "and if you don't keep your promise next time I come out here I'll wear my horns."

PLATFORM COLLAPSED.

Auburn, Neb., Oct. 20.—The platform upon which Senator Hanna was speaking here this afternoon collapsed. Hanna was not hurt. One boy had his leg broken.

NEW JERSEY ANARCHISTS.

Plan to Assassinate King Humbert Was Not Made in New Jersey.

New York, Oct. 20.—Supreme Court Commissioner Trimble, of New Jersey, having completed an investigation, declares his conviction that no anarchist plot existed in Tattersall or West Hoboken, for the assassination of the late King Humbert of Italy. He believes Bressi planned the murder after going abroad.

Railroad Wreck.

Helena, Mont., Oct. 20.—The first section of the Northern Pacific west bound train that left St. Paul Tuesday night with a large contingent of home seekers was wrecked near Eddy. An earth slide displaced a rail, and the train left the track. Engineer Firman was injured seriously, and Roy E. Doolley, of Missoula, fatally. A ton of mail went into the river.

FIGHTFUL MASSACRES.

Of Armenians by Mussulmans—Turkish Troops Did Not Intervene.

Paris, Oct. 20.—A special from Constantinople to Petit Bleu says: New, frightful massacres of Armenians have just occurred in the district of Diarbekir. Mussulmans, it is asserted, pillaged, outraged and killed during five days without intervention of Turkish troops. Eight villages were entirely destroyed and burned.

Princeton University.

Princeton, N. J., Oct. 20.—Commemoration day exercises of the 144th year of the university were held to-day before a large and distinguished audience. President Patton conferred upon Secretary of State Hay, the degree of doctor of laws.

STRONG ALLIANCE!

Germany and England on China.

Alliance Formed to Maintain Their Rights.

Village in Mexico Swept Away by a Cloudburst.

FITZHUGH LEE'S SON INVALID.

London, Oct. 20.—Germany and England have formed an alliance to maintain the territorial integrity of China, and keep ports open. The terms of this agreement, which was arrived at on October 16, between Lord Salisbury and Count Von Hartmann, the German ambassador to England, are officially given out as follows: The German government and her British majesty's government, being desirous of maintaining their interests in China and their rights under existing treaties, agreed to observe the following principles regarding mutual policy in China: Firstly, It is a matter of joint permanent international interest that ports on rivers and littorals of China should remain free and open to trade and every other legitimate form of economic activity for the people of all countries without distinction, and the two governments agree on their part to uphold same for all Chinese territory as far as they can exercise influence.

Secondly, Both governments agree that they will not on their part make use of the present complications to obtain for themselves any territorial advantage in Chinese dominion, and will direct their policy towards maintaining the undiminished territorial condition of the Chinese empire.

Thirdly, In the case of another power, making use of complications in China in order to obtain under any form whatever such territorial advantages, the two contracting parties reserve to themselves the right to take a preliminary understanding regarding the eventual step to be taken for the protection of their own interests in China.

Fourthly, The two governments will communicate this agreement to other powers interested, especially to Austria, Hungary, France, Italy, Russia and the United States, and invite them to accept the principles recorded in it.

NO OFFICIAL ADVICES.

Washington, Oct. 20.—The state department has not yet been advised officially of the terms of the alliance reached between Germany and England to maintain the territorial integrity of China and to keep ports open. While the move gives general satisfaction here, officials say it probably is a misnomer to call it an alliance. What probably has happened, they say, has been reaffirmation of the principles already agreed upon, not only between England and Germany, but between all the great powers interested in China.

ANGLO-GERMAN AGREEMENT.

Berlin, Oct. 20.—An inspired article in the North German Gazette regards the Anglo-German agreement as the "reassuring sign for peace of the world," and says Great Britain, just as Germany does, expressly disavows all idea of making use of complications in China for her special advantages and in economic aims adheres to the principle of equal rights for all.

DESTRUCTION DAY APPOINTED.

Hong Kong, Oct. 20.—The Chinese here say October 23 is the day appointed for the destruction of the missions in the Kwang Tung province.

FRENCH HOLDING FORTH.

Tien Tsin, Oct. 20.—Advices received here from Pao Ting Fu say the allies found the city occupied by an independent French column on the 15th. The French claim their force was really the advance guard of the allies, but the Germans and British are much chagrined. Chinese runners assert that there has been much wanton destruction of villages on the way to Pao Ting Fu by Germans and the French. It is understood a large German garrison will be established at Pao Ting Fu, which will probably prevent the proposed destruction of the city.

VILLAGE SWEEP AWAY.

El Paso, Oct. 20.—After the news received here of the destruction of the village of Guadalupe, Mexico, by a cloudburst, a committee immediately raised a sum of money and this with several wagon loads of supplies, were sent to the sufferers. The storm occurred Wednesday night, and fearing the flood the citizens fled to the second foothills, just in time to escape a deluge of water that swept through the village carrying everything before it. As far as known only one man and two small children were drowned. Every house was swept away to the river. All the horses, cattle, goats and fowls, suffering the same fate. Guadalupe was an agricultural settlement. Many horses were lost. Farms were situated just below the village and the crops were completely destroyed.

MADAME TURCONI-BRUNT.

The Great Singer and Company Will Appear at Opera House Sunday and Monday Night.

Madame Turconi-Brunt and company arrived in the city this morning from California, and were going to continue to Chihuahua, Mexico, to-morrow morning, but have been persuaded to remain over here and give two opera companies—first to-morrow (Sunday) night and the second Monday night. In speaking of this great singer the San Francisco Call says:

The long looked for Turconi-Brunt at last made her appearance in "Lucia." At the California theater last evening. It is to be assumed that the singer has not yet completely regained tone after her recent illness, but her "Lucia" was a very good one. It is a large voice for a lyric soprano, flexible and colorful, with a delicious pianissimo and excellent crescendo. Mrs. Brunt's vocalization is clear and precise, and in the flute scene where the ensemble between singer and flautist was unusually good by the way the trills and runs and arpeggios came trippingly away with utmost ease. In the fourth, perhaps by reason of the singer's illness, the voice takes on edge a little, but has lost the "velvet" quality to some extent, but "Lucia" is a fine "Lucia" nevertheless.

Cut and Dried Barter and Trade of the Nominations.

WEAK TICKET NOMINATED.

The democratic convention met at the court house at 10:30 o'clock, to the number of about twenty delegates, nearly all from this city.

Martin Tierney, chairman of the county central committee, called the convention to order, and C. W. Medier read the call.

Horton Moore was selected as temporary chairman, and C. W. Medier as temporary secretary.

Committees were appointed on credentials, permanent organization and resolutions, and the convention adjourned till 2 o'clock.

Summers Burkhardt is the chairman of the committee on resolutions. The surest so-called republican convention, consisting of the followers of M. S. Otero and Pedro Peres, met at the San Francisco hall in old town this morning. M. S. Otero was chosen chairman and J. W. Spencer secretary. They appointed several committees and adjourned till 2 o'clock.

This convention is planning to capture most of the paying offices on the fusion ticket, giving the democrats the small positions. It is also expected that they will pay most of the campaign expenses.

The spectacle of the democrats of this county agreeing to support their ancient enemy, Pedro Peres, is not cheering to the democrats of this city, but their leaders have so arranged and they are expected to swallow the bitter pill.

AFTERNOON SESSION.

W. H. Stevens made a report from the committee on credentials. There were no contests.

Committee on permanent organization reported in favor of B. F. Adams for permanent chairman, Schas. Schurich, secretary, Trinidad Lucero, assistant secretary, Alvaro Montoya, interpreter.

Judge R. F. Adams' is a humorous speech of raising the question of Adams as one of the committee on resolutions, which everything the democrats have done, the legislature have done, all law was jumped upon with one foot. The new county of McKinley was enlarged, and everything made harmonious with Jilly Kuehnbecker.

Mr. Burkhardt announced that the county republicans had made a proposition to make a fusion ticket, and the chairman was authorized to appoint a committee of six to confer with Mr. Otero in regard to the ticket. Summers Burkhardt was made chairman of this committee.

The Otero crowd conceded to the democrats the following offices: Council—Pedro H. Lester, Representative—John Bonnell, Commissioner—Wm. Kleke, Probate clerk—Andres Romero, Surveyor—Pitt Ross, Collector—Sam Neustadt.

The Otero convention had not made their portion of the ticket when The Citizen went to press.

Later—it is known that the Otero convention has endorsed Rodey for delegate to congress and is still in session.
